THE INCREASING BUSINESS of this BANK is an indication that the service it renders is satisfactory. If not already a patron, may we not have your account? We give our customers as liberal accommodations as is consistent with sound banking.

"How Deep?"

This question is asked the Medina Oil Development Company daily. Developing an oil field is a big job - in fact, is too large for one man. So we will answer this question by merely saying that no officer of the Medina Oil Development Company receives any salary who is working to promote this enterprise and is giving his time for no money what so ever. But we are doing all we can to develop oil and every dollar may go into the drilling of this well. So we are going just as deep as the people of this community will permit us. If every citizen will help us just a little, we could go just as deep as we desire to. We have every indication for an oil field and are now drilling around 130 feet in blue shale, which is saturated with oil.

We struck a band of salt water yesterday at a depth of 118 feet, which is a good indication and if you will take the time to investigate you will find that there is not an oil field in the United States but what is associated with salt-water.

The formations, so far, have conformed with the geological report made on our land and our faith is that we will develop a better oil field here than any at Somerset within the next three or four months. This will surely be a great blessing to every citizen in our county.

Kicked by Auto Engine.

Mr. J. B. Hurt, local manager of the Southwestern Bell Telephone Co., is nursing a very painful arm as the result of a "kick" he received by the engine of his car "back firing" while he was cranking it last Monday afternoon. As a result of the "kick" one of the bones of the right arm, near the wrist, was fractured, and as a consequence Mr. Hurt has suffered a great deal of pain. He went to San Antonio Friday where an X-ray will be made of the injury. Everyone hopes he will soon regain normal use of the injured member.

A Painful Accident.

One of the most painful and peculiar accidents that ever befell a citizen of Medina County happened to Mr. George Bendele, Sr., last Monday. He was at the ranch and while ascending the ladder to make repairs on the windmill one of the rungs broke. While grabbing to prevent falling a heavy gold ring on one of his fingers caught on a nail or some other object, suspending Mr. Bendele in the air until he caught with his other hand. His finger was horribly lacerated, the flesh from hand to the knuckle joint being completely stripped from the bone. Surgical assistance was at once summoned and he was rendered first aid, brought to town and the wounded finger dressed with the hope that it might be saved. However, the effort proved futile, and Wednesday the finger was amputated, it showing no life. Mr. Bendele has the sympathy of our people in his misfortune.

Picnic at Mofield's Grove.

The members of the German Methodist Church of Yancey have arranged a "Sunday-school Picnic" and a general get-together of all people for Thursday, July 15th, at Mofield's Grove on the Tehuacana Creek. Everybody is invited.

Medina Oil Company No. 1.

At "No. 1" of our Home Company the surface water has been cased off and, according to the report of Thursday, drilling is going on at 130 feet in blue shale.

Thousands of pounds of watermelons are being shipped daily from Hondo to points west. The Yancey section is furnishing the greater portion of these melons.

WARNING!!!

The opposition realize that Pat M. Neff has the race for Governor won, and they are beginning to circulate campaign lies, and will continue to do so, and we hope that his friends will take care of the situation.

There is no better, cleaner, or more capable man in Texas than Mr. Neff. He is the man to match the achievements of the great Governors of the past. The 116th Legislative District is overwhelmingly for him and during the few remaining days before the primaries, we earnestly request that his friends in every section of the District be on the look-out for all kinds of tricks and schemes.

Respectfully,
PAT M. NEFF FOR GOVERNOR CLUB,
Medina County, Texas.

Windrow on Honor Roll.

Austin, Texas, July—The honor list of the University for the spring term has just been compiled. In computing the score of the students an A is counted as 12, a B as 9, a C as 6, a D as 3. The best one per cent of upperclassmen made scores of 64 up; the best one per cent of freshmen made scores of 63 up. The remaining groups made scores lower than these, but above 45 in the case of freshmen and 48 in the case of upperclassmen.

Student from Hondo on the honor list for the spring term is Ralph S. Windrow.

Prof. J. D. Howell, a student at the State University, took advantage of the brief holiday, owing to the glorious Fourth, to run over to Hondo on a brief visit. He informs us that our school now has full affiliation, a piece of news that will be of interest to the patrons of the school particularly, as well as to the general public. This means many hundreds of dollars saved by students here who are seeking higher educational advantages in the higher schools of the state. Prof. Howell also informs us that Prof. Mayhew Manton, a B. A. of the State University of the class of 1917, has been engaged as instructor in English in the Hondo High School. There is now but one vacancy in the faculty, that of history teacher.

Mr. and Mrs. Merritt went to Jack Fusselman's ranch Friday and transformed a calf into about 75 three pound cans of good eatings, consisting of stew, chili con carne, veal loaf, lunch tongue, soup stock, steak and roast beef. The meat may be canned raw and unseasoned, but they advise that it be seasoned and partly cooked before being put into the cans; then after being processed the required time, a very palatable and nutritious food is ready for the table.

LOST—A Baby's Pillow, on or about June 29th, on the Yancey Road, about one and one-half miles from Hondo. Finder please return to Hondo Anvil Herald Office. 50.

An Explanation.

I feel that I owe an apology and explanation to the people of Hondo and vicinity for failure to give the entertainment advertised for the Auditorium Thursday night, July 8th, when a "Big Vaudeville Act" and "Pie's Native Hawaiian Entertainers" were scheduled to appear. I had made arrangements with the company to be here on the date named, received no advice as to their changed plans, and was greatly disappointed at their failure to keep their date.

Trusting that this explanation will prove satisfactory, and again expressing regret over the unfortunate occurrence, I am,
Very respectfully,
MRS. OTILIE HARALSON.

Mrs. Margaret Scoggins.

Mrs. Margaret Scoggins, aged 88 years, died at the home of her brother, Mr. James Heath, last Sunday evening, and her body was buried in the Hondo cemetery at 10:30 o'clock Monday morning, Rev. J. T. Horger, of the Nazarene Church, assisted by Rev. Arthur S. Allen, of the Baptist Church, conducting the services.

The primary cause of this lady's death is attributed to a fall she received some three weeks ago, fracturing her hip. Despite all that surgical skill and attentive nursing could do her advanced years made recovery impossible, and as stated above she fell able to furnish with our limited asleep last Sunday evening.

According to the best information we have been able to obtain, deceased first saw light in East Texas in 1832, when the present state of Texas was a province of Mexico, consequently she had lived under four flags—the red, white and green of Mexico, the red white and blue of the Republic of Texas, the stars and bars of the Confederacy and Old Glory of the U. S. A.

Just when deceased came to make her home in Medina county we are not advised, but probably for the past half century she has been a resident of this part of the state. We trust some one who is more familiar with the past history of this aged lady will favor us with a more comprehensive history of her long life than we are able to furnish with our limited knowledge. Surely a life that has spanned a period greater than does the history of Texas as a State, and more than half that of the United States, contained some thrilling chapters that would prove of absorbing interest to people of the present day. Texas was transformed from a wilderness to the empire State of the Union in her day and a history of her life would in a large measure be a history of the State.

To the sorrowing relatives the Anvil Herald joins other friends in extending sympathy in their bereavement.

Methodist Church.

We will have the Lord's supper following the sermon next Sunday morning.

J. M. ALEXANDER, pastor.

A very delightful union entertainment, honoring the ex-service men, was conducted at the Methodist Church last Sunday, July 4th, at the hour usually devoted to preaching service. The program began by the congregation standing and singing the "Star Spangled Banner" and the vim that was shown in the singing made one glad he was an American. The second number was a male quartette composed of Rev. Arthur S. Allen, H. F. King, O. E. Lacy and Roland Chancey. The next of the vocal numbers was a song by Mrs. O. A. Fly, the congregation joining in the chorus. The Rev. Claude Harkey, a chaplain in the United States army, delivered an address on the flag, the army and good citizenship, and was listened to very attentively by the large audience present. He stressed the idea that the American army was the people's army, being composed of the people and was nothing separate or distinct from the American people; he gloried in the fact that the flag had never gone down in defeat and predicted it never would as long as the people remained a God serving people. The last number was the singing, by the choir and the congregation standing, of "America the Beautiful". Miss Irene Saathoff, violin, and Mrs. Dr. W. H. Smith, piano, furnished the instrumental music for the occasion. Rev. Arthur S. Allen of the Baptist Church offered the invocation, while Rev. J. M. Alexander of the Methodist Church pronounced the benediction.

INVEST NOW FOR PROFIT IN THE FUTURE

Reliable Management

Lone Star Motor Truck and Tractor Association's record of achievement has been due to conservative, far-seeing management, economical methods and thorough knowledge of business conditions and special markets.

Quantity Production

LONE STAR Factories are now producing automobiles and Trucks in quantities; establishing dealers throughout the States and in foreign countries, recently closing one dealer's contract with bona fide cash deposit order aggregating \$139,500.00. What does this mean to an investor? It means that every dollar invested now is for PRODUCTION and not promotion; that heavy production means big profits, and only shareholders participate in those profits.

Now is the Time---Unlimited Future

The unlimited future of the Automotive Industry is public knowledge; no better time or opportunity ever presented itself for investing capital to enlist with a Leading Automobile Manufacturing Concern.

PEPSINOL Will Make You Feel Strong and Healthy

You cannot afford to lose strength. Your muscular and nervous system must be kept in good order so you can do your daily work. That weary, "all tired out" feeling usually is due to digestive troubles. They are sending poisons throughout your system, overloading your kidneys, making your liver torpid. Pepsinol will overcome these troubles, for it is a splendid stomachic stimulant, a creator of pure, nourishing blood. Thus it repairs weakened nerve tissue and keeps you in perfect health.

Hondo has a weather prophet, and when it comes to hitting long range forecasts he has Buell and Billie Hart skinned several country blocks. He not only tells you when it is going to rain, but tells you the hour when it is advisable to get under a roof. And the best part of it is that he comes close enough to be counted—in Arkansas. Dr. Meyer predicted the first rain we had in the spring, when it looked like it never would rain again, set the hour, and only missed it a little over an hour, he predicted last Saturday night, rain forty-eight hours in advance, and while he did not hit on the dot, he came close enough to be given credit for it. Hondo always has a man for every emergency.

One of the best ball games that has been witnessed in Hondo in many a day was played on College Square last Monday afternoon between a D'Hanis team and a Hondo team. The game went nine innings to a tie when it was called as some of the players had to catch the train. The score standing 2 to 2. It is hoped these two teams will again contend for honors as it is evident they are pretty evenly matched. Miller and Finger did the battery work for D'Hanis while Merritt and S. Fly performed a similar service for the Hondo aggregation.

Old Jupiter Pluvius went copiously in the early hours of last Saturday night, 1.70 inches being the amount of the precipitation. This was the best rain thus far this season, and, as with all our rains this year came just at the right time. The southwestern part of the county received the heaviest rain of the spell and water-holes and tanks that were getting low were replenished. Young corn, too, of which quite a good deal has been planted, was greatly benefitted.

WHEREVER you have linoleum, congooleum or oilcloth in your home, varnish it with Valspar.

You will be delighted with the result. The Valspar will not only brighten it up, but will make it last a great deal longer because it will take much of the surface wear and absolutely prevent the penetration of moisture.

And beware of this: Don't be led into using any ordinary varnish on linoleum. You must have the washable, waterproof varnish that will not turn white—Valspar!

When a Woman is Nervous—Worried

The lives of most women are full of worry. Men's troubles are bad enough, but women's are worse. Worry makes women sick. It pulls them down, and in their weakened condition they are subject to pains, aches, weakness, backaches, headaches and dizzy spells.

Most women neglect their health, and for this they pay the penalty. Any woman will find that neglect does not pay. A little more attention to health would brighten up her life. If she asks her neighbors she finds that Dr. Pierce's Favorite Prescription benefits a woman's whole system. It not only acts upon the troubles and weaknesses peculiar to women, but is an all-round tonic that braces the entire body, overcoming nervousness, sleeplessness, headaches, dizziness and a run-down condition.

SAN ANTONIO, TEXAS.—"For about three years I have been in a run-down condition. I would be so weak at times I could scarcely get around. I was extremely nervous, could not sleep and I was in a miserable state when I was advised to try Dr. Pierce's Favorite Prescription. I have not taken all of one bottle but am feeling better than I have for a long time. I am going to continue its use for I know it is helping me more than any medicine I have taken."—Mrs. H. T. KNEPPA, 913 Burleson St.

Mr. and Mrs. E. B. Haegelin and two children of Yellow Banks were guests of Alfred Ahr and family Sunday evening.

Mrs. Rudolph Ahr and May Ahr of San Antonio spent Sunday with Mrs. Louie Ahr.

Chamberlain's Colic and Diarrhoea Remedy.

This medicine always wins the good opinion if not the praise of those who use it. Try it when you have need of such a remedy.

Lacoste Ledger Laconics.

Prof. W. N. Saathoff from Hondo was here on business Wednesday.

Annetta Droitcourt is spending the week at Castroville with her grandparents, Mr. and Mrs. Adam Droitcourt.

Mr. Henry Mangold received a telegram from J. L. Mechler from Duncan, Okla., last Sunday evening stating that his son, Ralph, died Sunday morning and will be buried at Duncan, Okla. Ralph was born here on the 20th of May, 1919.

Gus Mechler from the Sauz was taken to San Antonio Tuesday where he underwent an operation for appendicitis at the P. & S. Hospital Wednesday.

Henry Franger from D'Hanis underwent an operation in San Antonio Wednesday morning. From last reports he was getting along as nicely as could be expected.

The Woodmen Circle and families enjoyed a social at the home of Mr. and Mrs. Saathoff Saturday evening. The crowd gathered at sundown and upon arriving found that Mrs. Saathoff had the yard nicely arranged for a pleasant time in the moonlight. After a nice social hour all enjoyed a chicken supper after which all assured the hostess of a delightful evening and hoped to have equally as good at the home of Mrs. L. Hicks next time.

The Platforms.

The platform adopted by the national Republican convention in Chicago declared against joining the League of Nations in the present form of obligations, while the Democrats assembled in national convention in San Francisco adopted the League of Nations proposal as a plank in the platform for the election campaign. But as the democratic party promises to have our obligations as a member of the League of Nations changed and modified the difference between the two political parties on that issue is of no great importance and while the Republicans in Chicago left the prohibition question untouched in their platform, the Democrats in San Francisco refused Bryan's proposal to put a "dry" plank in their platform.

Help For Those Who Have Stomach Trouble.

After doctoring for about twelve years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctors fees, I purchased my wife one box of Chamberlain's Tablets, which did her so much good that she continued to use them and they have done her more good than all of the medicine I bought before.—Samuel Boyer, Folsom, Iowa.

Results of Ballots.

Below is given partly the result of ballots of the democratic national convention in San Francisco. After the 38th ballot, Monday night, Attorney General Palmer withdrew his name as a presidential candidate. It takes a two-third majority to nominate a candidate. On the 44th ballot Cox won the nomination for presidency early Tuesday morning and Franklin D. Roosevelt, assistant secretary of the navy, was nominated for vice presidency. James M. Cox was governor of Ohio for three times.

Summer Complaint Quickly Relieved.

"About two years ago when suffering from a severe attack of summer complaint, I took Chamberlain's Colic and Diarrhoea Remedy and it relieved me almost instantly," writes Mrs. Henry Jewett, Clark Mills, N. Y. This is an excellent remedy for colic and diarrhoea and should be kept at hand by every family.

Mrs. S. R. Coffey and children of Hondo are spending this week with her parents, Mr. and Mrs. W. C. Simpson.—Bandera New Era.

Summer Complaint in Children.

There is not anything like so many deaths from this disease now as before Chamberlain's Colic and Diarrhoea Remedy came into such general use. When this remedy is given with castor oil as directed and proper care is taken as to diet, it is safe to say that fully ninety-nine out of every hundred cases recover. Mr. W. G. Campbell of Butler, Tenn., says, "I have used Chamberlain's Colic and Diarrhoea Remedy for summer complaint in children. It is far ahead of anything I have ever used for this purpose."

Mr. and Mrs. Henry House and Miss Nellie Schneider of Hondo spent last week in Tarpley.—Bandera New Era.

Loss of Appetite.

As a general rule there is nothing serious about a loss of appetite, and if you skip a meal or only eat two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should always elapse between meals so as to give the food ample time to digest and the stomach a period of rest before a second meal is taken. Then if you eat no more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite. When the loss of appetite is caused by constipation as is often the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it.

LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadersville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak."

I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few

doses of Black-Draught." Seventy years of successful use has made Thedford's Black-Draught a standard, household remedy. Every member, of every family, at times, need the help that Black-Draught can give in cleansing the system and relieving the troubles that come from constipation, indigestion, lazy liver, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c. a package—One cent a dose. All druggists. J. 68

The corn crop is the best ever seen in this county. Cotton, however, is a failure on account of boll weevils. Many fine crops that were promising a big yield are now said to be literally ruined by the weevil. Corn and hogs is the safest combination our farmers can adopt for sure returns. Of course the flocks of sheep and goats and a few cows must not be overlooked.—Bandera New Era.

INDIGESTION
If you are ever troubled with indigestion, Chamberlain's Tablets will do you good. They strengthen the stomach and enable it to perform its functions naturally. There are hundreds of people who have been restored to health and happiness by the use of Chamberlain's Tablets. When you feel dull and languid after eating you may know that your digestion is faulty, unless you have eaten more than you should. Belching, sour stomach and bloating are symptoms of indigestion and are relieved by taking Chamberlain's Tablets as directed. Indigestion is usually accompanied by constipation and is aggravated by it. Chamberlain's Tablets cause a gentle movement of the bowels, relieving the constipated condition. Chamberlain's Tablets are also most excellent for biliousness. Sold everywhere at 25c.

FEEL LIKE GIVING UP?

Many Hondo People on the Verge of Collapse.

A bad back makes you miserable all the time—

Lame every morning; sore all day. It hurts to stoop—it hurts to straighten.

What with headache, dizzy spells, urinary weakness?

No wonder people are discouraged. Who do not know the kidneys may be the cause of it all.

Give the weakened kidneys needful help.

Use a tested and proven kidney remedy.

None endorsed like Doan's Kidney Pills.

W. A. Mask, engineer, Hondo, says: "About six months ago I found Doan's Kidney Pills to be an A-1 remedy for kidney trouble. My back was sore and my kidneys acted irregularly. I felt tired, worn out and had no ambition to do anything. I had a dull pain in my kidneys day and night. I heard of Doan's Kidney Pills and thought I would try them. One box of Doan's cured my back and I have had no trouble with my kidneys since."

Price 50c. all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Mask had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Los Angeles Man Gained Fifteen Pounds Taking Tanlac—Troubles Overcome.

"Tanlac has not only rid me of my troubles but has added fifteen pounds to my weight," said Joseph A. Dunmire, of 402 Crocker St., Los Angeles, Cal. Mr. Dunmire has been a trusted employee of the Los Angeles Transfer Co. for twenty-seven years.

"Before I started taking Tanlac," he continued, "I could not eat a single meal without my food fermenting and gas forming so bad it made me miserable. I had rheumatism in my right leg so bad at times I could hardly get about and at night I was too restless to get much sleep. I had very little appetite and went down hill so fast that I lost fifteen pounds and got so weak I could hardly do my work."

"Well, sir, in spite of the bad condition I was in I hadn't taken more than half a bottle of Tanlac before I felt a hundred per cent better. Now all my sufferings have stopped completely. I can eat three hearty meals every day and sleep like a log at night. I have regained every pound of my lost weight and am in as good health as a man wants to be. I have started my daughter taking Tanlac, so you see what I think of it."

Tanlac is sold in Hondo by W. H. Windrow, in Castroville by Joseph Courand and Co.; and in Dunlay by Louis A. Haby.

His Salutation.

At one of the western camps a reekie had been made the victim of so much geyting that he had long since given up the idea of taking any statements seriously. One night while on guard a tall figure loomed out of the darkness.

"Who's there?" challenged the recruit.

"Major Moses," replied the figure. "Glad to meet you, Mose. Advance and give the Ten Commandments." —American Legion Weekly.

Why This Tire Will Not Skid

A glance at the distinctive tread of the Horse-Shoe Cord Tire will tell you why this tire is so remarkably anti-skid.

Each little shoe in the Horse-Shoe tread forms a near-vacuum that cleaves noiselessly to the road after the triangular edges of the tread have cleaned and scraped away the moisture.

Such a tread takes hold of the road with a stubborn grip that makes driving safe even on slippery pavements in cars that are notorious "skidders."

You will appreciate the unusual anti-skid qualities of the Horse-Shoe Cord Tire only after we prove them to you on a wet, slippery pavement. Let us give you a demonstration.

The Quinine That Does Not Affect the Head

Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness or ringing in head. Remember the full name and look for the signature of E. W. GROVE. 30c.

ARK HAD LIVELY CROSSING

For One Thing, Orang-Outang Chased Crew Out of Engine Room and Took Charge.

The swan started something when it reached forth and plucked a bag of tobacco from the unsuspecting hand of the quartermaster.

All in a cluster, the elephants began to trumpet, the tigers to roar, the monkeys to chatter, the snakes to hiss, and above all there was raised the clarion call of a giant orang-outang, or whatever it is an orang-outang does when it breaks out of the reservation.

Many of the animals, freshly plucked from the primeval forests of India and therefore filled with jazz and pepper, were entirely willing to join the mutiny. The giant orang-outang chose the engine room to present his act.

His arrival there was a signal for a grand begira of engineers, firemen, coal passers, water tenders and other beavers who toil in the bowels of a sea-going steamship.

Let it be explained that all this happened aboard the good ship Haleakala while on its way to San Francisco from Calcutta.

No sooner had the orang-outang established himself as king of the engine room than he began to experiment with electric switches and such. In his enthusiasm the orang-outang touched two wires at one and the same time, an act that caused what is known as a short circuit.

The odor of singed hair filled the air. To get even the orang-outang unlimbered a crowbar and began to lambast the electrical switches, a bit of sabotage that caused the ship's officers to fire 46 shots by actual count. Their aim was perfectly punk. Not a bullet registered. In the meantime the orang-outang's monkeying with the electrical steering gear caused the Haleakala to back toward Honolulu, a port that already had been visited.

After 46 shots had been fired at the orang-outang the animal retreated to his cage and went to sleep.

Other incidents combined to make the voyage interesting, too. A bull elephant, weighing three tons, died, and was derelicted overboard, but the carcass failed to sink in spite of huge weights attached thereto.

Oh, yes, one thing more; a sailor got too near one of the lion's cages and the king of beasts removed the southwest part of his trousers.—San Francisco Chronicle.

Concerning Snakes.

Prof. Jerry Shoemaker, the well known snakeologist, was a visitor to Meyersdale, Monday, and reported the formal opening of the snake season of 1920 last Sunday when he and Leroy Engle visited the snake dens on Negro mountain and killed sixteen rattlers, besides taking one into captivity.

The sizes of those killed ranged from 18 inches to five feet in length. The one captured is about three feet long and may be seen at Will Engle's.

Owing to the country now being so dry, Prof. Shoemaker rather expected the snake crop to be short this year, but he finds them pretty plenty just the same. He says rattlesnakes are now in demand for ladies' garters, being more attractive than the ankle watches worn by some dames, because they have a louder tick.—Meyersdale (Pa.) Republican.

Didn't Overvalue Her Catch.

In the faintly lighted conservatory Jack had just asked Jill to marry him. She had murmured, "I don't care if I do," and thus they were engaged.

"Jack, dear," she began, "am I the only girl—"

"Now, look here, dear," he interrupted, "don't ask me if you are the only girl I ever loved. You know as well as I do—"

"Oh, that wasn't the question at all, Jack," she answered. "I was just going to ask if I was the only girl that would have you?"

Acute Agony.

"I thought the prima donna seemed upset about something."

"She had a quarrel with her accompanist just before the concert began and he revenged himself on her in monstrous fashion."

"What did he do?"

"Just when she was reaching her highest note he struck the wrong key." —Birmingham Age-Herald.

Quite Different.

"What do you think Ellen told her jealous husband when he asked her if the paper she was bending over was a cloak for her design?"

"What did she say?"

"That on the contrary, it was a design for her cloak."

Child's Logic.

"Oh, mamma," said Elsie, suddenly, "my foot feels prickly."

"It's only asleep, dear."

"Then it must be having an awful bad dream," returned the child.—Boston Transcript.

Force of Habit.

"Why is it he can never remember anything that is wanted in this house?"

"Hard to say, I am sure, unless it is because he used to be a popular restaurant waiter."

The Ill-Timed Spotlight.

"Why are you so resentful of your celebrity as a 'favorite son'?"

"It has totally destroyed my chance of being a 'dark horse'."

Don't Need So Many.

Prof. Binder of New York university estimates that the United States has resources sufficient to provide for 250,000,000 inhabitants.

Quihi Dots.

As we didn't see a letter from "Orange Blossoms" we decided to send the news:

Ed. Boehle was visiting his best friend at the west end of King William street Sunday. What's up, Edwin?

Ida Hauser and Genevieve Moehring were seen in our town Friday evening.

A number of Quihi folks attended a fishing party at Mrs. Emil Graff's on the Hondo Creek Monday. They report a good time.

Hy. Pochler, J. A. Breiten, Anton Heiligman and Hy. Loesberg were fishing on the Lake some days last week.

Jul. Grell was seen with his best friend Sunday.

Mr. and Mrs. E. A. Balzen visited relatives at Falls City Sunday and Monday.

John Breiten and son, Alfred, and Joe Boehle, Ernest Grell and Henry Loesberg attended the base ball and dance at Castroville Monday.

Henry Lindeburg and Alfred Breiten were sporting around Vandenburg Sunday.

Louis Grell and Ernest Boehle, former Quihi boys but now of Hondo, were visiting friends here Sunday and Monday.

Ida Marquis, who was visiting relatives and friends, returned to Hondo Monday.

Otto Balzen was seen on his way down to Hondo Creek Sunday night.

by the Edison Laboratories, and come in to hear the phonograph which stands behind it.

An Invitation to Talking-Machine Manufacturers

"We are informed that the representatives of one or more talking-machine manufacturers have stated, on several occasions, that they are able to distinguish between a singer's voice, or instrumental performance, and the New Edison's RE-CREATION of such voice or performance."

"We hereby invite responsible representatives of any reputable talking-machine manufacturer to permit themselves to be blindfolded, and to listen to such a comparison, in the presence of judges of their own choosing, indicating to the judges when they think they are listening to the artist, and when to the New Edison. There is only one condition attached, and that is—that the representatives of the talking-machine company, and the judges selected by them, shall sign a written statement, setting forth, in full detail, the results of the test."

"The test will be made with an Official Laboratory Model, taken from stock, such as can be bought in any Edison dealer's store."

THOMAS A. EDISON, Inc.

The NEW EDISON

"The Phonograph with a Soul"

The Official Laboratory Model has proved its Realism in 4000 Comparison Tests, made before 3,500,000 people all over the United States and Canada. For instance, in Los Angeles recently, an audience of 1,500 people was unable to tell the difference between the living voice of Miss Marie Morrissey, world-famous contralto, and its RE-CREATION by the New Edison.

There's a way for you to test the wonderful Realism claimed for the Official Laboratory Model in this sweeping challenge. We give Mr. Edison's Realism Test. Come in and let us give it to you.

The price of the new Edison has advanced less than 15% since August 1, 1914. Mr. Edison has absorbed the bulk of the increased cost of material, skilled labor, and taxes. He is determined to keep the New Edison within the reach of everyone. But conditions may force a price-advance. Buy your New Edison now! Our Budget Plan makes it easy. It is system applied to spending. Ask about it.

You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of **GROVE'S TASTELESS CHILL TONIC** has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get **GROVE'S TASTELESS CHILL TONIC** when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Purina Pig Chow covers the 3 big factors for profitable pig raising and hog feeding.

1. Purina Pig Chow provides elements for bone and body building, insuring large frame and rapid growth.

2. Purina Pig Chow properly regulates the hog's system.

3. Purina Pig Chow puts on extra weight while the pig is developing. 70% of lean meat is water. It is cheaper per pound to put lean meat on a growing pig than fat on a hog.

Feed Purina Pig Chow to get full grown solid young hogs, and market-toppers, which will bring highest prices.

MEANT WELL, PERHAPS, BUT—

One Can't Help Thinking Mrs. Clayton Might Have Expressed Her Sentiments Better.

The young couple on their honeymoon had come from Yorkshire to London on the first stage of their wedding journey. In Regent street they chanced to meet Mrs. Clayton, from their native town.

"My dear Miss Jones!" cried the good lady, and then offered her good wishes as the bride explained her change of name.

"But fancy meeting like this!" finished the blushing young wife.

"It is strange," agreed Mrs. Clayton. "We live at Streatham. You must come and have tea with us."

"Thank you! It's very kind of you to ask us."

"Not at all—not at all," gushed Mrs. Clayton. "You know how it is. When you're in a strange city, people you never thought much of at home seem like dear friends, don't they?"—London Tit-Bits.

WILLING TO GO HALF WAY

Little Jimmy's Answer to Leading Question Distinctly in Nature of a Compromise.

Aunt Marie was very good, indeed, to her five-year-old nephew James. She gave him everything his little heart desired. But still she was often inclined to tease him and whenever he showed resentment she teased him still further by threatening to take away something she had given him.

The other night she began her usual teasing, taking for the subject herself and her charms. "Why, Jimmie thinks I'm a wonder," and she turned to little James provokingly and asked: "Don't you think I'm pretty? Don't you think I'm good?"

The little fellow was disturbed. He wanted to tell the truth, and he also wanted to keep auntie's favor. Finally he found his tongue. "Well, I do think you're pretty good," he said truthfully.

All Information There.

"Save time!" was the motto of the new division superintendent of a certain railway. One morning, after a heavy rainfall during the night, he appeared at the office especially early and promptly sent out wires all along the line. These read:

"Send particulars of flood."

Then he waited with a sense of duty nobly done for the replies.

Some distance down the line where there had been no flood and hardly any rain one station master read the telegram with a puzzled air. Then deciding it must be some new sort of a joke he replied by wire:

"Look in the book of Genesis."

HEARD IN PASSING

To grow old gracefully one doesn't have to behave like a lambkin.

Usually the "neglected cold" is the one that gets well.

Many a man hugs delusions who would prefer to embrace the real thing.

A homely girl can seldom understand why people think some men mashers.

It is pleasanter to give than receive; but the latter has to precede the former.

A smuggy poodle is crying evidence that its owner has wearied in well-doing.

A widow who marries a bachelor becomes a teacher in the school of experience.

Sometimes a preacher's popularity can be measured by the shortness of his sermons.

It's surprising how quickly a woman puts on weight when she sits on her husband's knees.

A girl thinks a man impertinent if he tries to flirt with her and indifferent if he doesn't.

Instead of marrying a man to reform him, the average woman marries a man to inform him.

One's wife never gets mad when he finds fault with the meals—if they live in a boarding house.

Agree with a contentious man and keep on talking; and pretty soon, you will find he is arguing with you.

Wise is the husband who, instead of trying to be all things to all men, tries to be all things to one woman.

Touch-and-go visitors may be the sort who never want to find out whether you are wearied of them or not.
